

APPENDIX

Excerpts from Elementary and Secondary Education Act of 1965

Title I—Financial Assistance to Local Educational Agencies for the Education of Children of Low- Income Families and Extension of Public Law 874, Eighty-First Congress

SEC. 2. The Act of September 30, 1950, Public Law 874, Eighty-first Congress, as amended (20 U.S.C. 236-244), is amended by inserting:

"Title I—Financial Assistance for Local Educational Agencies in Areas Affected by Federal Activity"

immediately above the heading of section 1, by striking out "this Act" wherever it appears in sections 1 through 6, inclusive (other than where it appears in clause (B) of section 4(a)), and inserting in lieu thereof "this title", and by adding immediately after section 6 the following new title:

"Title II—Financial Assistance to Local Educational Agencies for the Education of Children of Low-Income Families

"DECLARATION OF POLICY

"SEC. 201. In recognition of the special educational needs of children of low-income families and the impact that concentrations of low-income families have on the ability of local educational agencies to support adequate educational programs, the Congress hereby declares it to be the policy of the United States to provide financial assistance (as set forth in this title) to local educational agencies serving areas with concentrations of children from low-income

families to expand and improve their educational programs by various means (including preschool programs) which contribute particularly to meeting the special educational needs of educationally deprived children.

"KINDS AND DURATION OF GRANTS

"SEC. 202. The Commissioner shall, in accordance with the provisions of this title, make payments to State educational agencies for basic grants to local educational agencies for the period beginning July 1, 1965, and ending June 30, 1968, and he shall make payments to State educational agencies for special incentive grants to local educational agencies for the period beginning July 1, 1966, and ending June 30, 1968.

"BASIC GRANTS—AMOUNT AND ELIGIBILITY

"SEC. 203. (a)(1) From the sums appropriated for making basic grants under this title for a fiscal year, the Commissioner shall reserve such amount, but not in excess of 2 per centum thereof, as he may determine and shall allot such amount among Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands according to their respective need for such grants. The maximum basic grant which a local educational agency in Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands shall be eligible to receive shall be determined pursuant to such criteria as the Commissioner determines will best carry out the purposes of this title.

"(2) In any case in which the Commissioner determines that satisfactory data for that purpose are available, the maximum basic grant which a local educational agency in a State shall be eligible to receive under this title for any fiscal year shall be (except as provided in paragraph (3)) an amount equal to the Federal percentage (established pursuant to subsection (c)) of the average per pupil ex-

penditure in that State multiplied by the sum of (A) the number of children aged five to seventeen, inclusive, in the school district of such agency, of families having an annual income of less than the low-income factor (established pursuant to subsection (c)), and (B) the number of children of such ages in such school district of families receiving an annual income in excess of the low-income factor (as established pursuant to subsection (c)) from payments under the program of aid to families with dependent children under a State plan approved under title IV of the Social Security Act. In any other case, the maximum basic grant for any local educational agency in a State shall be determined on the basis of the aggregate maximum amount of such grants for all such agencies in the county or counties in which the school district of the particular agency is located, which aggregate maximum amount shall be equal to the Federal percentage of such per pupil expenditure multiplied by the number of children of such ages and families in such county or counties and shall be allocated among those agencies upon such equitable basis as may be determined by the State educational agency in accordance with basic criteria prescribed by the Commissioner. For purposes of this subsection the 'average per pupil expenditure' in a State shall be the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made, of all local educational agencies in the State (without regard to the sources of funds from which such expenditures are made), divided by the aggregate number of children in average daily attendance to whom such agencies provided free public education during such preceding year. In determining the maximum amount of a basic grant and the eligibility of a local educational agency for a basic grant for any fiscal year, the number of children determined under the first two sentences of this subsection or under subsection (b) shall be reduced by the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-

income factor (as established pursuant to subsection (c)) for whom a payment was made under title I for the previous fiscal year.

“(3) If the maximum amount of the basic grant determined pursuant to paragraph (1) or (2) for any local educational agency for the fiscal year ending June 30, 1966, is greater than 30 per centum of the sum budgeted by that agency for current expenditures for that year (as determined pursuant to regulations of the Commissioner), such maximum amount shall be reduced to 30 per centum of such budgeted sum.

“(4) For purposes of this subsection, the term ‘State’ does not include Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

“(b) A local educational agency shall be eligible for a basic grant for a fiscal year under this title only if it meets the following requirements with respect to the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-income factor (as established pursuant to subsection (c)):

“(1) In any case (except as provided in paragraph (3)) in which the Commissioner determines that satisfactory data for the purpose of this subsection as to the number of such children of such families are available on a school district basis, the number of such children of such families in the school district of such local educational agency shall be—

“(A) at least one hundred, or

“(B) equal to 3 per centum or more of the total number of all children aged five to seventeen, inclusive, in such district,

whichever is less, except that it shall in no case be less than ten.

"(2) In any other case, except as provided in paragraph (3), the number of children of such ages of families with such income in the county which includes such local educational agency's school district shall be one hundred or more.

"(3) In any case in which a county includes a part of the school district of the local educational agency concerned and the Commissioner has not determined that satisfactory data for the purpose of this subsection are available on a school district basis for all the local educational agencies for all the counties into which the school district of the local educational agency concerned extends, the eligibility requirement with respect to the number of children of such ages of families of such income for such local educational agency shall be determined in accordance with regulations prescribed by the Commissioner for the purposes of this subsection.

"(c) For the purposes of this section, the 'Federal percentage' and the 'low-income factor' for the fiscal year ending June 30, 1966, shall be 50 per centum and \$2,000 respectively. For each of the two succeeding fiscal years the Federal percentage and the low-income factor shall be established by the Congress by law.

"(d) For the purposes of this section, the Commissioner shall determine the number of children aged five to seventeen, inclusive, of families having an annual income of less than the low-income factor (as established pursuant to subsection (c)) on the basis of the most recent satisfactory data available from the Department of Commerce. At any time such data for a county are available in the Department of Commerce, such data shall be used in making calculations under this section. The Secretary of Health, Education and Welfare shall determine the number of children of such ages from families receiving an annual income in ex-

cess of the low-income factor (established pursuant to subsection (c)) from payments under the program of aid to families with dependent children under a State plan approved under title IV of the Social Security Act on the basis of the best available data for the period most nearly comparable to those which are used by the Commissioner under the first two sentences of this subsection in making determinations for the purposes of subsections (a) and (b). When requested by the Commissioner, the Secretary of Commerce shall make a special estimate of the number of children of such ages who are from families having an annual income less than the low-income factor (established pursuant to subsection (c)) in each county or school district, and the Commissioner is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

"SPECIAL INCENTIVE GRANTS

"SEC. 204. Each local educational agency which is eligible to receive a basic grant for the fiscal year ending June 30, 1967, shall be eligible to receive in addition a special incentive grant which does not exceed the product of (a) the aggregate number of children in average daily attendance to whom such agency provided free public education during the fiscal year ending June 30, 1965, and (b) the amount by which the average per pupil expenditure of that agency for the fiscal year ending June 30, 1965, exceeded 105 per centum of such expenditure for the fiscal year ending June 30, 1964. Each local educational agency which is eligible to receive a basic grant for the fiscal year ending June 30, 1968, shall be eligible to receive in addition a special incentive grant which does not exceed the product of (c) the aggregate number of children in average daily attendance to whom such agency provided free public educa-

tion during the fiscal year ending June 30, 1966, and (d) the amount by which the average per pupil expenditure of that agency for the fiscal year ending June 30, 1966, exceeded 110 per centum of such expenditure for the fiscal year ending June 30, 1964. For the purpose of this section the 'average per pupil expenditure' of a local educational agency for any year shall be the aggregate expenditures (without regard to the sources of funds from which such expenditures are made, except that funds derived from Federal sources shall not be used in computing such expenditures) from current revenues made by that agency during that year for free public education, divided by the aggregate number of children in average daily attendance to whom such agency provided free public education during that year.

"APPLICATION

"SEC. 205. (a) A local educational agency may receive a basic grant or a special incentive grant under this title for any fiscal year only upon application therefor approved by the appropriate State educational agency, upon its determination (consistent with such basic criteria as the Commissioner may establish)—

"(1) that payments under this title will be used for programs and projects (including the acquisition of equipment and where necessary the construction of school facilities) (A) which are designed to meet the special educational needs of educationally deprived children in school attendance areas having high concentrations of children from low-income families and (B) which are of sufficient size, scope and quality to give reasonable promise of substantial progress toward meeting those needs, and nothing herein shall be deemed to preclude two or more local educational agencies from entering into agreements, at their option, for carrying out jointly operated programs and projects under this title;

"(2) that, to the extent consistent with the number of educationally deprived children in the school district of the local educational agency who are enrolled in private elementary and secondary schools, such agency has made provision for including special educational services and arrangements (such as dual enrollment, educational radio and television, and mobile educational services and equipment) in which such children can participate;

"(3) that the local educational agency has provided satisfactory assurance that the control of funds provided under this title, and title to property derived therefrom, shall be in a public agency for the uses and purposes provided in this title, and that a public agency will administer such funds and property;

"(4) in the case of any project for construction of school facilities, that the project is not inconsistent with overall State plans for the construction of school facilities and that the requirements of section 209 will be complied with on all such construction projects;

"(5) that effective procedures, including provision for appropriate objective measurements of educational achievement, will be adopted for evaluating at least annually the effectiveness of the programs in meeting the special educational needs of educationally deprived children;

"(6) that the local educational agency will make an annual report and such other reports to the State educational agency, in such form and containing such information, as may be reasonably necessary to enable the State educational agency to perform its duties under this title, including information relating to the educational achievement of students participating in programs carried out under this title, and will keep such records and afford such access thereto as the

State educational agency may find necessary to assure the correctness and verification of such reports;

“(7) that wherever there is, in the area served by the local educational agency, a community action program approved pursuant to title II of the Economic Opportunity Act of 1964 (Public Law 88-452), the programs and projects have been developed in cooperation with the public or private nonprofit agency responsible for the community action program; and

“(8) that effective procedures will be adopted for acquiring and disseminating to teachers and administrators significant information derived from educational research, demonstration, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects.

“(b) The State educational agency shall not finally disapprove in whole or in part any application for funds under this title without first affording the local educational agency submitting the application reasonable notice and opportunity for a hearing.

“ASSURANCES FROM STATES

“SEC. 206. (a) Any State desiring to participate in the program of this title shall submit through its State educational agency to the Commissioner an application, in such detail as the Commissioner deems necessary, which provides satisfactory assurance—

“(1) that, except as provided in section 207(b), payments under this title will be used only for programs and projects which have been approved by the State educational agency pursuant to section 205(a) and which meet the requirements of that section, and that such agency will in all other respects comply with the provisions of this title, including the enforcement

of any obligations imposed upon a local educational agency under section 205(a);

“(2) that such fiscal control and fund accounting procedures will be adopted as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the State (including such funds paid by the State to local educational agencies) under this title; and

“(3) that the State educational agency will make to the Commissioner (A) periodic reports (including the results of objective measurements required by section 205(a)(5) evaluating the effectiveness of payments under this title and of particular programs assisted under it in improving the educational attainment of educationally deprived children, and (B) such other reports as may be reasonably necessary to enable the Commissioner to perform his duties under this title (including such reports as he may require to determine the amounts which the local educational agencies of that State are eligible to receive for any fiscal year), and assurance that such agency will keep such records and afford such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.

“(b) The Commissioner shall approve an application which meets the requirements specified in subsection (a), and he shall not finally disapprove an application except after reasonable notice and opportunity for a hearing to the State educational agency.

“PAYMENT

“SEC. 207. (a)(1) The Commissioner shall, subject to the provisions of section 208, from time to time pay to each State, in advance or otherwise, the amount which the local

educational agencies of that State are eligible to receive under this title. Such payments shall take into account the extent (if any) to which any previous payment to such State educational agency under this title (whether or not in the same fiscal year) was greater or less than the amount which should have been paid to it.

“(2) From the funds paid to it pursuant to paragraph (1) each State educational agency shall distribute to each local educational agency of the State which is not ineligible by reason of section 203(b) and which has submitted an application approved pursuant to section 205(a) the amount for which such application has been approved, except that this amount shall not exceed an amount equal to the total of the maximum amount of the basic grant plus the maximum amount of the special incentive grant as determined for that agency pursuant to sections 203 and 204, respectively.

“(b) The Commissioner is authorized to pay to each State amounts equal to the amounts expended by it for the proper and efficient performance of its duties under this title (including technical assistance for the measurements and evaluations required by section 205(a)(5)), except that the total of such payments in any fiscal year shall not exceed 1 per centum of the total of the amount of the basic grants paid under this title for that year to the local educational agencies of the State.

“(c) (1) No payments shall be made under this title for any fiscal year to a State which has taken into consideration payments under this title in determining the eligibility of any local educational agency in that State for State aid, or the amount of that aid, with respect to the free public education of children during that year or the preceding fiscal year.

"(2) No payments shall be made under this title to any local educational agency for any fiscal year unless the State educational agency finds that the combined fiscal effort (as determined in accordance with regulations of the Commissioner) of that agency and the State with respect to the provision of free public education by that agency for the preceding fiscal year was not less than such combined fiscal effort for that purpose for the fiscal year ending June 30, 1964.

"ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS

"SEC. 208. If the sums appropriated for the fiscal year ending June 30, 1966, for making the payments provided in this title are not sufficient to pay in full the total amounts which all local and State educational agencies are eligible to receive under this title for such year, such amounts shall be reduced ratably. In case additional funds become available for making payments under this title for that year, such reduced amounts shall be increased on the same basis that they were reduced.

"LABOR STANDARDS

"SEC. 209. All laborers and mechanics employed by contractors or subcontractors on all construction projects assisted under this title shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary of Labor shall have with respect to the labor standards specified in this section the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 5 U.S.C. 133z-15) and section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c).

“WITHHOLDING

“SEC. 210. Whenever the Commissioner, after reasonable notice and opportunity for hearing to any State educational agency, finds that there has been a failure to comply substantially with any assurance set forth in the application of that State approved under section 206(b), the Commissioner shall notify the agency that further payments will not be made to the State under this title (or, in his discretion, that the State educational agency shall not make further payments under this title to specified local educational agencies affected by the failure) until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, no further payments shall be made to the State under this title, or payments by the State educational agency under this title shall be limited to local educational agencies not affected by the failure, as the case may be.

“JUDICIAL REVIEW

“SEC. 211. (a) If any State is dissatisfied with the Commissioner's final action with respect to the approval of its application submitted under section 206(a) or with his final action under section 210, such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

“(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of

fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

“(c) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

“NATIONAL ADVISORY COUNCIL

“SEC. 212. (a) The President shall, within ninety days after the enactment of this title, appoint a National Advisory Council on the Education of Disadvantaged Children for the purpose of reviewing the administration and operation of this title, including its effectiveness in improving the educational attainment of educationally deprived children, and making recommendations for the improvement of this title and its administration and operation. These recommendations shall take into consideration experience gained under this and other Federal educational programs for disadvantaged children and, to the extent appropriate, experience gained under other public and private educational programs for disadvantaged children.

“(b) The Council shall be appointed by the President without regard to the civil service laws and shall consist of twelve persons. When requested by the President, the Secretary of Health, Education, and Welfare shall engage such technical assistance as may be required to carry out the functions of the Council, and the Secretary shall make available to the Council such secretarial, clerical, and other assistance and such pertinent data prepared by the Department of Health, Education, and Welfare as it may require to carry out such functions.

“(c) The Council shall make an annual report of its findings and recommendations (including recommendations for changes in the provisions of this title) to the President not later than March 31 of each calendar year beginning after the enactment of this title. The President shall transmit each such report to the Congress together with his comments and recommendations.

“(d) Members of the Council who are not regular full-time employees of the United States shall, while serving on business of the Council, be entitled to receive compensation at rates fixed by the President, but not exceeding \$100 per day, including travel time; and while so serving away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5 of the Administrative Expenses Act of 1946 (5 U.S.C. 73b-2) for persons in Government service employed intermittently.”

• • •

Title II—School Library Resources, Textbooks, and Other Instructional Materials

APPROPRIATIONS AUTHORIZED

SEC. 201. (a) The Commissioner shall carry out during the fiscal year ending June 30, 1966, and each of the four succeeding fiscal years, a program for making grants for the acquisition of school library resources, textbooks, and other printed and published instructional materials for the use of children and teachers in public and private elementary and secondary schools.

(b) For the purpose of making grants under this title, there is hereby authorized to be appropriated the sum of \$100,000,000 for the fiscal year ending June 30, 1966; but for the fiscal year ending June 30, 1967, and the three succeeding fiscal years, only such sums may be appropriated as the Congress may hereafter authorize by law.

ALLOTMENT TO STATES

SEC. 202. (a) From the sums appropriated for carrying out this title for any fiscal year, the Commissioner shall reserve such amount, but not in excess of 2 per centum thereof, as he may determine and shall allot such amount among the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands according to their respective needs for assistance under this title. From the remainder of such sums, the Commissioner shall allot to each State an amount which bears the same ratio to such remainder as the number of children enrolled in the public and private elementary and secondary schools of that State bears to the total number of children enrolled in such schools in all of the States. The number of children so enrolled shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him. For purposes of this subsec-

tion, the term "State" shall not include the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(b) The amount of any State's allotment under subsection (a) for any fiscal year which the Commissioner determines will not be required for such fiscal year shall be available for reallocation from time to time, on such dates during such year as the Commissioner may fix, to other States in proportion to the original allotments to such States under subsection (a) for that year but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Commissioner estimates such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount reallocated to a State under this subsection during a year from funds appropriated pursuant to section 201 shall be deemed part of its allotment under section (a) for such year.

STATE PLANS

SEC. 203. (a) Any State which desires to receive grants under this title shall submit to the Commissioner a State plan, in such detail as the Commissioner deems necessary, which—

(1) designates a State agency which shall, either directly or through arrangements with other State or local public agencies, act as the sole agency for administration of the State plan;

(2) sets forth a program under which funds paid to the State from its allotment under section 202 will be expended solely for (A) acquisition of library resources (which for the purposes of this title means books, periodicals, documents, audio-visual materials, and other related library materials), textbooks, and

other printed and published instructional materials for the use of children and teachers in public and private elementary and secondary schools in the State, and (B) administration of the State plan, including the development and revision of standards relating to library resources, textbooks, and other printed and published instructional materials furnished for the use of children and teachers in the public elementary and secondary schools of the State, except that the amount used for administration of the State plan shall not exceed for the fiscal year ending June 30, 1966, an amount equal to 5 per centum of the amount paid to the State under this title for that year, and for any fiscal year thereafter an amount equal to 3 per centum of the amount paid to the State under this title for that year;

(3) sets forth the criteria to be used in allocating library resources, textbooks, and other printed and published instructional materials provided under this title among the children and teachers of the State, which criteria shall—

(A) take into consideration the relative need of the children and teachers of the State for such library resources, textbooks, or other instructional materials, and

(B) provide assurance that to the extent consistent with law such library resources, textbooks, and other instructional materials will be provided on an equitable basis for the use of children and teachers in private elementary and secondary schools in the State which comply with the compulsory attendance laws of the State or are otherwise recognized by it through some procedure customarily used in the State;

(4) sets forth the criteria to be used in selecting the library resources, textbooks, and other instruc-

tional materials to be provided under this title and for determining the proportions of the State's allotment for each fiscal year which will be expended for library resources, textbooks, and other printed and published instructional materials, respectively, and the terms by which such library resources, textbooks, and other instructional materials will be made available for the use of children and teachers in the schools of the State;

(5) sets forth policies and procedures designed to assure that Federal funds made available under this title for any fiscal year will be so used as to supplement and, to the extent practical, increase the level of State, local, and private school funds that would in the absence of such Federal funds be made available for library resources, textbooks, and other printed and published instructional materials, and in no case supplant such State, local and private school funds;

(6) sets forth such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the State (including any such funds paid by the State to any other public agency) under this title; and

(7) provides for making such reports, in such form and containing such information, as the Commissioner may reasonably require to carry out his functions under this title, and for keeping such records and for affording such access thereto as the Commissioner may find necessary to assure the correctness and verification of such reports.

(b) The Commissioner shall approve any State plan and any modification thereof which complies with the provisions of subsection (a).

PAYMENTS TO STATES

SEC. 204. (a) From the amounts allotted to each State under section 202 the Commissioner shall pay to that State an amount equal to the amount expended by the State in carrying out its State plan. Such payments may be made in installments, and in advance or by way of reimbursement, with necessary adjustments on account of overpayments or underpayments.

(b) In any State which has a State plan approved under section 203(b) and in which no State agency is authorized by law to provide library resources, textbooks, or other printed and published instructional materials for the use of children and teachers in any one or more elementary or secondary schools in such State, the Commissioner shall arrange for the provision on an equitable basis of such library resources, textbooks, or other instructional materials for such use and shall pay the cost thereof for any fiscal year ending prior to July 1, 1970, out of that State's allotment.

PUBLIC CONTROL OF LIBRARY RESOURCES, TEXTBOOKS, AND OTHER INSTRUCTIONAL MATERIAL AND TYPES WHICH MAY BE MADE AVAILABLE

SEC. 205. (a) Title to library resources, textbooks, and other printed and published instructional materials furnished pursuant to this title, and control and administration of their use, shall vest only in a public agency.

(b) The library resources, textbooks, and other printed and published instructional materials made available pursuant to this title for use of children and teachers in any school in any State shall be limited to those which have been approved by an appropriate State or local educational authority or agency for use, or are used, in a public elementary or secondary school of that State.

ADMINISTRATION OF STATE PLANS

SEC. 206. (a) The Commissioner shall not finally disapprove any State plan submitted under this title, or any modification thereof, without first affording the State agency administering the plan reasonable notice and opportunity for a hearing.

(b) Whenever the Commissioner, after reasonable notice and opportunity for hearing to such State agency, finds—

(1) that the State plan has been so changed that it no longer complies with the provisions of section 203 (a), or

(2) that in the administration of the plan there is a failure to comply substantially with any such provisions,

the Commissioner shall notify such State agency that the State will not be regarded as eligible to participate in the program under this title until he is satisfied that there is no longer any such failure to comply.

JUDICIAL REVIEW

SEC. 207. (a) If any State is dissatisfied with the Commissioner's final action with respect to the approval of its State plan submitted under section 203(a) or with his final action under section 206(b), such State may, within sixty days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

(b) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) The court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.
